ENAGIC MALAYSIA COMMISSION CHART

For Kangen Air-only Distributor

A person who joins Enagic as a distributor by purchasing Kangen Air, without owning any core products of Enagic, will be referred to as an "Kangen Air-only Distributor." The commission eligibility will be adjusted to 54.5% of the basic commission for all products sold, including both core and non-core products. (Note: The commission amount depends on the distributor account's sales status.)

Commission on Kangen Air Sales

PAYMENT METHOD	Commission Earned Per Point (MYR)
Single Payment	169
6 Month Installment (Credit Card)	154
12 Month Installment (Credit Card)	152
24 Month Installment (Credit Card)	139
12 Month Installment (Dreamshop)	134
24 Month Installment (Dreamshop)	119

Commission on Core Product Sales

To calculate commissions for any core products, refer to the [Kangen Distributor Commission Chart](#) and use the same formula to determine the amount.

The commission for an Kangen Air-only Distributor selling a core product of Enagic will be calculated as follows:

Formula:

Basic Commission x 54.5% + SP

Example:

1. Leveluk SD501 (Single Payment):

RM 710 (Basic Commission) x 54.5% + RM290 (SP) = RM 676.95

2. K8 (24 Month Insatallment):

RM 834 (Basic Commission) x 54.5% + RM 250 (SP) = RM 704.53

Note:

Once an Kangen Air-only Distributor self-purchases and owns a core product (Kangen Machines, Anespa, Ukon DD, or Ukon Sigma), the commission eligibility will be the same as an Kangen Distributor, allowing you to earn the full basic commission on future sales (T&C applied).
