Important Update – emGuarde US Pricing Adjustment amid Tariff Changes

Dear Valued Distributors,

We wish to inform you of recent developments impacting emGuarde shipments to the United States. Due to ongoing changes in U.S. import tariffs on Malaysian goods, the cost of importing emGuarde may be affected. As part of Enagic's continued commitment to supporting our distributor community, we are proactively introducing a temporary promotional price:

Temporary Price (USA): \$1,225 USD

Commission per Point

MYR 284

Effective immediately

This special pricing is intended to help ease the impact of tariff adjustments and support your business through this transition. Once the tariff policy is fully implemented and reviewed, emGuarde's price may return to the standard rate of \$1,520 USD. We understand the challenges these changes bring and appreciate your partnership and resilience. Should you have any questions, please contact your support representative.

Thank you for your dedication and for being an essential part of the Enagic family.

With sincere appreciation,

The Enagic Team
